MACS WEIGHING SCALE

3 YEAR PCB WARRANTY

2022F039-35 (闽量机0043号)

Features

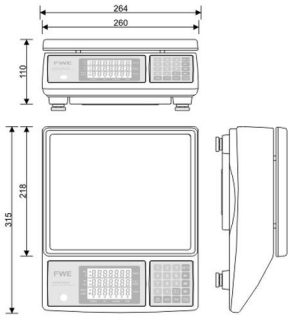

- Audible alarm for checkweighing
- Programmable auto power-off to conserve battery usage
- Overload protection to safeguard internal components
- Durable ABS construction suitable for industrial environments
- Sealed keypad to prevent dirt and liquid damage
- Adjustable leveling feet
- Supports connection to a tri-color alarm light.
- Optional RS-232 port for data transfer and connectivity.
- Optional Printer: LP201-US, TP-205, DMP-207

General Specifications

- Units : kg, g
- Display : Red LED Display
- Power Supply : DC 12V 500mA adapter
- Operating Temperature : 0°C to +40°C
